Proven Medicaid Claiming Success

State agencies and school districts throughout the U.S. have successfully utilized our **Solix Claim** solution for decades. Our solution maximizes revenue recovery for clients while maintaining compliance with complex Medicaid regulations and reducing administrative burden for staff. Our team has successfully implemented our solution in 15 states and currently operates 12 concurrent time studies across the country. Agencies and districts have realized a 110% average increase in revenue during their first year as a client.

Comprehensive and Scalable Solution

Solix Claim offers a comprehensive solution that manages all aspects of school-based Medicaid claiming, from direct service claims to administrative costs and time studies. Through our integrated platform, we enable schools to effectively manage their Medicaid programs and make informed decisions based on data-driven insights. Our solution is designed to scale with your program, ensuring that it can adapt to program evolution.

Intuitive and Efficient

Solix Claim's web-based interface is intuitive and easy-to-use, allowing administrators to navigate the system with minimal training and effort while still receiving accurate and timely Medicaid reimbursements. Our efficiently designed platform and interfaces enable agencies and districts to spend their time focusing on providing high quality services to their students and constituents rather than working through system challenges.

KEY BENEFITS

- Accurate and timely submission of Medicaid claims
- Adherence to federal and state regulations
- Optimized resource allocation and capture of program costs
- Robust analytics to inform program strategies
- Adaptable to varying program sized and complexities

KEY FEATURES

- Direct Service Claiming processes claims for student services
- Medicaid Administrative Claiming calculates claims for allowable administrative costs
- Cost Reporting generates annual cost settlements
- Random Moment Time Studies enable the conduct of accurate time studies to allocate costs
- Random Moment Time Studies enable the conduct of accurate time studies to allocate costs
